

## Introduction

---

Due to the recent news that Google is discontinuing some of its services, including Google Reader, the iMake RSS feed has changed. If you subscribe to the iMake blog and/or podcast, and would like to continue to receive updates, you may need to take some action. If you require any assistance with these changes, please email [martine@imake.gg](mailto:martine@imake.gg).

## What are the correct RSS feeds?

---

- Blog: <http://imake.gg/feed>
- Podcast: <http://imakepodcast.libsyn.com/rss>

## What do I do now?

---

*If you subscribe to the blog using an RSS feed reader...*

Check that you are subscribed to the correct blog RSS feed (above). If you are not, please unsubscribe from the old feed and re-subscribe to the new one.

*If you subscribe to the podcast using iTunes...*

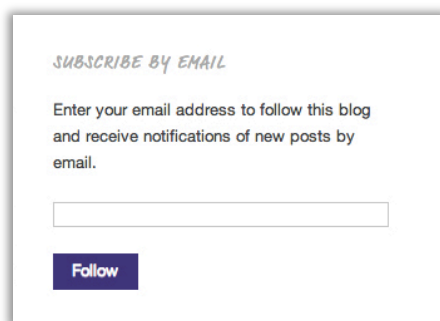

No action required; your subscription will continue as normal.

*If you subscribe to the podcast using a different app, reader or pod-catcher...*

I recommend you unsubscribe, then re-subscribe using the correct podcast RSS feed (above).

*If you subscribe to the blog by email (via Feedburner\*)...*

You should unsubscribe by clicking the link at the bottom of the next email you receive. Please then re-subscribe through Wordpress using the widget in the right-hand sidebar of the blog.

**SUBSCRIBE BY EMAIL**

Enter your email address to follow this blog and receive notifications of new posts by email.

*If you subscribe to the blog by email (via Wordpress\*)...*

No action required; your subscription will continue as normal.

*If you subscribe to the monthly [Mail Chimp] newsletter...*

No action required; your subscription will continue as normal.

---

\*You can check to see if you are subscribed via Feedburner or Wordpress by looking at the next email you receive. If it's from Google, then you are subscribed via Feedburner. You can unsubscribe by clicking the link at the bottom of the email. If it's from Wordpress, you are fine, no action is needed.
